It seems appropriate for this topic to expand the conventional book exhibit to volumes which can be read online. New technologies used to compile this list include the cited reference feature of Google Scholar, Google Print, and Amazon Citations. These books should be readable from any University of Utah computer or computer account. To read ebrary books you will need to download a small helper application from the first ebrary page.

- The future of ideas: the fate of the commons in a connected world / Laurence Lessig.-- New York : Random House, 2001 via netLibrary

2/2006
